

We hereby confirm that the products supplied conform as described in the following document.

1. DESCRIPTION OF MATERIALS AND ARTICLES

Composition of materials:

OUTER – 88% polyester / 12% elastane

INNER – 100% polyester

EAR LOOPS – 90% nylon / 10% elastane

Product codes:

Huhta Mask – Adults Delft Blue

Huhta Mask – Child Delft Blue

Huhta Mask – Adults Lavender Grey

Huhta Mask – Lavender Grey

2. INTENDED USES

Conditions of use (also see full instructions provided with the product):

Suitable for everyday use and helps reduce the spread of droplets into the environment and also reduces the spread of droplets onto the wearers mouth and nose.

Washable and reusable.

- **This mask is not a medical device within the meaning of Directive 93/42/CEE or Regulation EU/2017/745 (surgical masks) nor is it personal protective equipment in the sense of Regulation EU/2016/425 (respiratory protective devices).**
- **Not a replacement for social distancing and regular hand washing.**
- **Not suitable for children under the age of 3, anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the mask without assistance. Children under 7 should be supervised during use.**

3. LEGISLATION

There are currently no harmonised regulations for face coverings / masks.

Huhtamaki are committed to ensuring product safety and have conducted the relevant testing and risk assessments, where appropriate and applicable, in line with **The General Product Safety Regulations 2005 and the CEN guidelines (CWA 17553:2020)**, which includes the safety ball feature on the adjustable strap.

REACH regulations EC 1907/2006.

Huhtamaki can also provide a TDS (Technical data sheet), covering the full testing upon request.

Huhtamaki can confirm that the Huhta Mask is latex free and suitable for vegans.

4. TESTING

Air permeability testing EN ISO 9237-1995 [**CEN guidelines (CWA 17553:2020)**]:

Breathable	Inner (B)	EN ISO 9237-1995	96mm/s MINIMUM (as referenced in the CEN guidelines: CWA 17553)	995 mm/s
	Outer (A)			114.3 mm/s

Fluid repellent (water resistant) outer fabric:

Fluid repellent (water resistant): OUTER (A) fabric	Spray test (rating 5-1)	BS EN 24920/ISO 4920	Required minimum rating of 4	5
--	-------------------------	----------------------	------------------------------	---

Anti-microbial properties established via a bacterial assessment (inner fabric layer):

Requirement	Details	Testing Standard (as relevant)	Standard / Tolerance	Results
Antimicrobial properties Anti-Bacterial assessment	Candida albicans (ATCC10231)	GB/T 20944.3 - 2008	>= 60%	PASS
	Klebsiella pneumoniae (ATCC4352)		>= 70%	PASS
	Escherichia Coli (8099)		>= 70%	PASS
	Staphylococcus aureus (ATCC6538)		>= 70%	PASS

5. TRACEABILITY

This can be done by referring to traceability by batch number or box label.

This certificate is valid until there is a change in the composition that would alter the function, performance or safety of this product.
